

Canadian Glass Association

“Working together for the betterment of the Canadian glass industry”

Your One-Stop Source for Industry Events

Attention CGA members,

As a service to our members the Canadian Glass Association (CGA) has introduced a **Coming Events Calendar** on its website showing meetings, conferences, courses and trade shows relevant to our industry. It is the most comprehensive list of events that can be found anywhere and it is being updated regularly. You can link to it from the CGA’s home page.

The CGA would also like to include events taking place within the provincial associations to include: *golf tournaments, association meetings, training sessions, seminars, speaking engagements and social events*. There is No Cost to list your events on this Coming Events Calendar and it represents another vehicle of opportunity to promote your association’s activities.

Please take a moment to fill out the form below and let the CGA and the rest of the industry know what events your associations plan to hold in 2010 so they can also be added to the Coming Events Calendar.
